BRUTAL MURDERER CHEATS THE ELECTRIC CHAIR

SLAYER OF A LITTLE GIRL WRITES CONFESSION THEN ENDS OWN WASTED LIFE

(By United Press.)

New York, July 18.—Nathan Swartz, brutal murderer of pretty little Julia Connors, cheated the electric chair. After living within a few blocks of police headquarters here, passing daily scores of police and detectives who were seeking him for one of the most outrageous murders in the history of New York, Swartz killed himself. He was found dead in the bed in a room in the tenement rooming house at 219 Christie street today. A piece of hose attached to the solitary gas jet in the room, the end in his mouth and tied fast to his head with an old cotton handkerchief, indicated plainly the cause of death. As soon as his body had been identified it was hurried off to the Huse morgue and the murder case was officially marked closed.

Swartz left behind him a letter in which he confessed his guilt of the murder of the little girl. He lured to his father's apartments in the Bronx and cruelly stabbed and put to death. This latter cleared up some of the previously unknown details of the terrible crime.

Swartz went a week ago to the Christie street rooming house which was run by Sam Kaplan. He rented a single room for which he agreed to pay \$1.60 a week. He told Kaplan that he had to get up early each day and the latter agreed to call him each morning at 6 o'clock. The child murderer gave his name as Max Hirsch-

LETTER OF CONFESSION

INTENDED FOR MOTHER

"This only is to my dear mother who I am always homesick for and same to the rest and Pa, whose word I'm taking by doing this, which I figure the easiest and best way of my own expiation."

"I want to say that if I will happen to be revived in order to be executed why I'll take that medicine just the same. My last job was at a pocketbook manufacturing company, 74 Grand Street. He owes me two day's work. Please secure it and give it to mother for she is very poor."

"And for the truth my older brother has lots of money and doesn't want to settle with the old folks on a farm for the simple life."

"I am sorry to have to cause the trouble to my neighbor, but all he'll have to do will be to call a cop. Tell mother again that I am really guilty and that she shall not cry her eyes and heart out. I know she thinks I am innocent. I am sorry I done it, but I got crazy as I often do; you can't blame me for it, nor any one. (Signed.)

"NATHAN SWARTZ."

In addition to the letter the police found a soiled linen collar on which Swartz had written with a lead pencil:

"I am guilty. I am insane, caused by the beautiful makeup of women, that has set me very passionate. I felt sorry just two minutes after I did it, so don't cry for me."

HURT IN FRANCE

MISS NATHALIE BARNEY.

Miss Nathalie Barney, the Washington belle, was badly injured in an automobile accident at Poughkeepsie, N. Y., recently, and is now confined to her mother's home here. Miss Barney is suffering as much from the shock of the terrible accident as from the physical injuries she sustained. Her chauffeur was instantly killed, and a young woman friend of Miss Barney was so badly injured that the physicians fear for her recovery.

FIGHT TO GET UPON BALLOT

(By United Press.)

Hutchinson, Mass., July 18.—The first real test in the Republican National committee's attempt to keep the names of Presidential electors who have declared for Roosevelt in the primaries in August will come up in the courts here next Monday.

Fred Stanley, National committeeman from Kansas, has obtained an injunction in the district court at Newton prohibiting every county clerk in the state from putting the name of the Roosevelt electors on the primary ballot. Should the court rule in favor of the "regular" Republicans and make the injunction permanent the Roosevelt forces will seek to get the names of their electors on the ballots by petition.

NEVER KISSED BY A MAN.

Lebanon, July 18.—Miss Amanda Crandall, aged 91, one of the oldest residents of Lebanon, died yesterday of an illness of over a year. She boasted all her life of never having been kissed by a man and is said to have never had a beau.

Miss Crandall was born and lived continuously in the house in which she died. She never rode on a railroad train, electric car nor automobile.

BATTLE WITH ICEBERGS WHILE WE SWEETER

Tacoma, Wash., July 18.—After having narrowly escaped being sent to the bottom by the ice floes in Behring Sea, the United States Army transport Sheridan arrived here last night with the Sixteenth United States Infantry Regiment.

For seventeen days, off St. Lawrence Island, to the west of Norton Sound, en route to Nome, the Sheridan lay ice-bound, making only ninety miles in this time. For forty-eight hours her captain, Michael Healy, and Pilot Kraer, sky watched on the bridge of the ship, and at times the captain stood at the bow directing the slow advance of the steamer. Two of the men died of pneumonia en route.

HERBERT READY TO SPEAK HIS PIECE

(By United Press.)

Washington, July 18.—When Herbert Knox Smith, commissioner of corporations, formally quits his office tomorrow, he is expected to have something to say about President's publication of his letters to Roosevelt, giving advice as to the prosecution of the Harvey Trust.

It was stated today that Smith had been at odds with the administration since this episode, which he regarded as an unpardonable breach of ethics, and that when his resignation takes effect, he will feel free to speak his mind on the matter.

Police Blamed For His Murder

Herman Rosenthal, the gambler, who was murdered by five men ten hours after he made an appointment to meet the District Attorney the following day to divulge the scandalous conditions existing in the New York police department, which gaming house proprietors were granted protection for a monthly consideration. Rosenthal was shot to death in front of the Hotel Metropole, near the heart of the white light district and his murderers made a successful get-away in an automobile, the owners of which have been detained by the police. It is the theory of the detective on the case that the men whom Rosenthal would have incriminated, telling his story to District Attorney Whitman, became desperate and found that the only means of shutting up "the squalor" on such

short notice was by hiring several of the notorious gun-men, of the East Side gang districts to do the job.

District Attorney Puts Police on Defensive in N. Y. Murder Case

(By United Press.)

New York, July 18.—District Attorney Whitman was expected to be placed in full possession today of all of the facts surrounding the murder of Herman Rosenthal, the gambler shot to death early Tuesday morning. Louis Libby and William Shapiro, the owners of the car used by the assassins, had been asked by their lawyer, Aaron J. Levy, to tell the prosecutor all they knew about the crime. Levy admits that Shapiro drove the car to the scene of the murder and took the murderers away. He says that he did with a gun at his side and that he was struck in the forehead with the butt end of the pistol because he claims that he showed a disposition to lag so that the police might catch the criminals.

Both Libby and Shapiro swear that the car was hired by Jack Rose, a gambling friend of police Lieutenant Becker who was accused by Rosenthal of having been in partnership with him in his gambling operations. A partnership that Rosenthal had promised to prove existed the day that he was slain.

Through their lawyer the automobile owners have furnished the district attorney with a complete description of every man who was in the car. They refused to make public whether Rose accompanied them to the scene of the murder or whether he got out of the car before the Metropole was reached, but friends of Rose declare that he left the car up town and they assert that when he shows up he will easily clear himself of any complicity in the killing.

ROUNDING THEM UP.

The district attorney sent out a number of process servers today

to round up leading members of the gambling fraternity who are said to know of the deal between the police and the gamblers whereby organized protection money was paid. Many of these men have already left the state and some are known to have gone to Canada to spend a vacation following the case, secured in the knowledge that they cannot be forced before an unfriendly grand jury.

The feud between the district attorney's office and the police was more pronounced than ever today. The police lost no opportunity to make it plain that they resent the strictures of the district attorney on them and deputy commissioner Dougherty openly declares that by making public certain information in connection with the assassination, Whitman has made the work of arresting most doubly difficult. Mayor Gaynor started a personal investigation of the situation today.

In doing so stated while he had every confidence in police commissioner Waldo he wanted to be sure that he had not been deceived by the operations of the "system."

ROSE TURNS UP.

A complete statement of his movements of the night of the murder of gambler Herman Rosenthal and an admission that he had hired the car which was used by the murderers, was made by Jack Rose, noted East Side gambler, to the police today. Rose had been missing since the murder but turned up today at the behest, it is understood, of police lieutenant Becker, who has been deeply involved in all of the developments of the case.

Rose was not placed under arrest, although deputy police commissioner Dougherty admitted that he was remaining at headquarters while certain developments were being looked into.

Dougherty insisted at noon today that he expected to have all of the ramifications in connection with the murder of Rosenthal cleared very soon. He stated that opportune "turning up" of Rose was expected to help the police materially. He refused, however, to make public any of the information he had obtained from the gambler who has been alleged to have been the collector and go-between of the gamblers who paid tribute and the policemen who accepted it to permit the houses to remain open.

After Rose had talked with Dougherty he went down to district attorney Whitman's office accompanied by several detectives. Inspector Hughes, in charge of the detective bureau was asked: "Is Rose under arrest?" "Not now, but he will be," was the reply.

"What charges will you lodge against him?" "He will be directly charged with homicide," said Hughes.

SENSATION PROMISED.

From police headquarters came the promise that the story of the plot against Rosenthal would be told as soon as his murderers were caught, and that it would be a sensation such as New York had not had in many years. As an evidence of the good faith of Commissioner Waldo this was not questioned, but so far as the probability of the police ever exposing the "system" by which hundreds of them have grown very wealthy on meager salaries it was treated with almost derisive scorn.

The only explanation of Rosenthal's slaying is that Rosenthal threatened the police "system" of protection for gambling houses; that he threatened it with final overthrow and with disgrace of many high up in the Police Department.

Robert Callahan son of Mr. and Mrs. M. J. Callahan, of west North street, left yesterday for Titusville, Pa., where he has accepted a position with the Dillon Forge and Iron Co.

BREAK

In Water Storage Reservoir East of City

MAY RELEASE HUNDREDS OF
MILLIONS OF GALLONS OF
WATER AT ANY
TIME.

OFFICIALS OF THE CITY,
ADMIT REASON FOR ALARM

LOST CREEK AUXILIARY STA-
TION OUT OF COMMISSION
AND USELESS.

That the city of Lima is in grave danger of both a disastrous flood and a subsequent water famine is a condition with which the people are now confronted and is a fact which the officials of the municipality reluctantly admit. In several sources of information the situation was investigated this morning by the News and in no instance was the gravity of the situation satisfactorily minimized.

It is both rumored and admitted in official circles, and nowhere denied, that there is grave danger today that the big storage reservoir which is situated east of the city, adjoining the County Infirmary farm, is in a dangerous condition and that the banks on both the east and south sides of the great artificial lake threaten to collapse at any time under the heavy pressure of the present high stage of water. This would mean the release of more than four hundred millions of gallons of water, a quantity sufficient to sweep the banks from their path, flood the lowlands along the Ottawa river bed between the city and the reservoir and cause vast damage to property along the river bottom in the city and even be a source of serious menace to the lives of citizens residing in the low lands.

NEVER CONSIDERED SAFE.

The storage reservoir which was built by contractor Wise during the administration days of Lima's first board of public service, has never been considered safe and has been a source of worry and fear to all of the boards and directors of service since it was constructed. Wilbur Fisk, one of the most reliable and best posted men of Lima on the water works department affairs, was constantly alert, fearing a break in the banks of the storage reservoir, during the years he was a member of the board of public service and he spent scores upon scores of days time and all of the appropriations he could secure from the city council or save from other departments of the public service department in his efforts to repair and strengthen the banks and allay the danger that constantly menaced the city. He frequently called attention to the condition of the east and south banks and on one occasion his fears were all but realized to the fullest extent when several rods of one of the artificial banks slid down. Only the fact that there was but a small depth of water in the lake at that time saved the wrecking of the remaining portion of the damaged levee and the city from a flood and a water famine.

TERRIFIC WATER PRESSURE

The reservoir today contains more water than it has ever held at any one time previous, and in consequence the pressure on the artificial and poorly constructed

BREAK

In Water Storage Reservoir East of City

MAY RELEASE HUNDREDS OF
MILLIONS OF GALLONS OF
WATER AT ANY
TIME.

OFFICIALS OF THE CITY,
ADMIT REASON FOR ALARM

LOST CREEK AUXILIARY STA-
TION OUT OF COMMISSION
AND USELESS.

That the city of Lima is in grave danger of both a disastrous flood and a subsequent water famine is a condition with which the people are now confronted and is a fact which the officials of the municipality reluctantly admit. In several sources of information the situation was investigated this morning by the News and in no instance was the gravity of the situation satisfactorily minimized.

It is both rumored and admitted in official circles, and nowhere denied, that there is grave danger today that the big storage reservoir which is situated east of the city, adjoining the County Infirmary farm, is in a dangerous condition and that the banks on both the east and south sides of the great artificial lake threaten to collapse at any time under the heavy pressure of the present high stage of water. This would mean the release of more than four hundred millions of gallons of water, a quantity sufficient to sweep the banks from their path, flood the lowlands along the Ottawa river bed between the city and the reservoir and cause vast damage to property along the river bottom in the city and even be a source of serious menace to the lives of citizens residing in the low lands.

NEVER CONSIDERED SAFE.

The storage reservoir which was built by contractor Wise during the administration days of Lima's first board of public service, has never been considered safe and has been a source of worry and fear to all of the boards and directors of service since it was constructed. Wilbur Fisk, one of the most reliable and best posted men of Lima on the water works department affairs, was constantly alert, fearing a break in the banks of the storage reservoir, during the years he was a member of the board of public service and he spent scores upon scores of days time and all of the appropriations he could secure from the city council or save from other departments of the public service department in his efforts to repair and strengthen the banks and allay the danger that constantly menaced the city. He frequently called attention to the condition of the east and south banks and on one occasion his fears were all but realized to the fullest extent when several rods of one of the artificial banks slid down. Only the fact that there was but a small depth of water in the lake at that time saved the wrecking of the remaining portion of the damaged levee and the city from a flood and a water famine.

TERRIFIC WATER PRESSURE

The reservoir today contains more water than it has ever held at any one time previous, and in consequence the pressure on the artificial and poorly constructed

banks is terrific. The cracks which show along the top of the levee are positive evidence that the banks are gradually giving way to the heavy pressure. A similar condition along the east bank of the McCullough lake foretold the disaster which occurred when the east bank of that reservoir gave way under the pressure of a high stage of water and the entire supply of a few million gallons of water forced its way through a concrete and earthen retaining wall and flooded the lowlands along the river. The warning given at the McCullough lake went unheeded and the disaster was the result. It was accompanied by a flood which did considerable damage to property along the river bottoms, drove families in the lowlands from their homes and entailed a loss of many thousands of dollars to the owners of the McCullough properties.

POOLS FORMED BY SEEPAGE
City officials who have visited the storage reservoir state that they have discovered pools of clear water along the east bank, the clearness and freshness of the water found in these pools indicating that they were formed by seepage from the reservoir.

The storage reservoir was constructed to be built with a capacity of six hundred millions of gallons of water but former director of service Wilbur Fisk is of the opinion that the lake does not now consist of a quantity that will greatly exceed four hundred million gal-

lons. This quantity of water is however sufficient, it released suddenly by a breaking of either of the banks to cause a disastrous flood. In addition, it would leave the city without an adequate water supply and a water famine, with possible disease epidemic would follow.

The auxiliary pumping station at Lost Creek reservoir, east of the city, is now out of commission and could not be repaired and put into operation in less than six or eight weeks' time. The machinery is in a state of bad repair and the stack at the power plant was blown down during a storm some time ago. In the event of a break in the banks of the big storage reservoir, the city's entire water supply would depend upon the two smaller reservoirs of the city pumping station. They have a capacity of from 150 to 160 millions of gallons of water and this supply, under ordinary conditions at this period of the year would not be sufficient to last more than thirty days.

MR. HARMAN OUT OF CITY.

An effort was made to see public service director Harman today but inquiry at his office in the administration building brought the response that he was in Chicago, where he is visiting the furniture markets. He is not unaware of the conditions that exist at the storage reservoir, for he has had these conditions frequently called to his attention and has made many trips to the big lake to personally

inspect the unsafe banks. During recent weeks he and mayor Shook have been busy engaged in an effort to work out their water meter and Ottawa river and boulevard theories and the threatening condition at the storage reservoir has gone unnoticed.

While the present city administration has asked the city council for appropriations upwards of three hundred and fifty thousand dollars for the carrying forward of some of the theories of the executive and public service department, no appropriation has been sought for the improvement of the storage reservoir.

SENT TO SPRINGFIELD.

William Peterson, a legless transient, who says his home is in Cleveland, applied to the city board for transportation to Springfield. He was warranted over to the county board and given the necessary railroad fare. Peterson has been in Lima several days, making a scant living by the sale of lead pencils and by begging on the street corners.

A Five-Cent Washwoman

In Evanston, Illinois, washwomen get from \$2 to \$2.50 per day, and carry to and from work. Five years ago they got \$1.50 a day. Naturally wash day is an expensive day there. But now women everywhere are learning of a wash-day worker that only costs a nickel. Easy Task laundry soap does half the work all by itself, saves money, saves time, saves fuel, saves health and saves clothing. Many women say it solves the servant problem.

SEE MACDONALD'S AD.

JAPAN IS COURTING FAVORS OF GERMANY

(By United Press.)

Berlin, July 18.—At the tour of Europe recently begun by ex-Prince Katsura, of Japan, was undertaken to negotiate an alliance between the Mikado and the Kaiser, is arrested in diplomatic circles here today. It is said the Japanese want to dissolve partnership with the English and are prepared to guarantee protection to German interests in the Orient in the event of an Anglo-German war. The Kaiser is reported to look askance on the plan, however, principally because he thinks it would embarrass him in the event of friction between Japan and the United States. Prince Katsura has said repeatedly that the tour was purely for pleasure.

I. W. W. IS CAUSING MOST OF TROUBLE

(By United Press.)

New Bedford, Mass., July 18.—The mill strike situation which has completely tied up three quarters of the biggest textile mills in this city became complicated today when an open break between the Industrial Workers of the World and the unions affiliated with the American Federation of Labor materialized. Officials of the craft unions refused today to co-operate with the I. W. W., and the feeling between the two organizations is so intense that serious trouble is feared. There was no disorder at the mill gates when the strike breakers went to work today.

Choice of all trimmed hats and shapes, \$1.00. Many for 50c. Sanders' Millinery, 316 N. Main st.

TRESTLE DYNAMITED.

Owingsville, Ky., July 18.—The settlement around the Rose Run Iron Ore mine near here, was aroused today following the dynamiting last night of a railroad trestle owned by the mine company. Though no arrests have been made the mine operators declare the identity of the dynamiters is known. A strike has been on at the mine for a month because the management refused to allow an increase in wages.

MOONEY WON'T ACCEPT.

Washington, July 18.—Granville W. Mooney, former speaker of the Ohio legislature today declined to accept the post of assistant secretary to the President, left vacant by Sherman Allen, who is to become assistant secretary of the treasury. Mooney indicated to the president that he has interests in which he prefers not to leave for a political job.

Finger Nails Poison!

Heber's Ungoid alleviates the most terrible itching the moment it is applied, and is used and recommended by leading physicians in the treatment of Eczema, Tetter, Acne, Furuncles, Salt Rheum, Barber's Itch, Dandruff, Poison Ivy, Prickly Heat, Itching Feet, Galled and Poisoned Skin, no matter how long standing. Nothing on earth equals Ungoid for itching Piles. It is particularly effective in healing Burns, Boils, Cuts, Wounds and Mosquito Bites. Heber's Ungoid is sold by all druggists at 50c a jar, or will be sent prepaid by The G. C. Bittner Co., Toledo, O. Central Drug Store.

SAVAGE DOG ATTACKS LITTLE SON OF METCALF ST. MAN.

LAD'S CONDITION IS SERIOUS AND CASE OF RABIES IS FEARED.

Savagely attacked by a cur dog believed to have been afflicted with the rabies, a four year old son of A. S. Morris, 1223 South Metcalf street, is reported in a dangerous condition today. The child was attacked by the canine late Tuesday afternoon. The animal "growled and sprang at the boy, sinking its sharp teeth deep into his left arm. The wound was not cauterized and it was discovered this morning that complications had developed and that the child was in grave danger.

The dog is owned by William Poling, 1221 South Metcalf street, a neighbor. Police were summoned Tuesday night by Mr. Morris, who wished to have the animal disposed of. The canine was missing. According to Morris, it was hidden in the parlor at the Poling home. Wednesday morning another patrolman was detailed to investigate and learned that the dog had been shipped away. Chief Vermillion promised an investigation.

banks is terrific. The cracks which show along the top of the levee are positive evidence that the banks are gradually giving way to the heavy pressure. A similar condition along the east bank of the McCullough lake foretold the disaster which occurred when the east bank of that reservoir gave way under the pressure of a high stage of water and the entire supply of a few million gallons of water forced its way through a concrete and earthen retaining wall and flooded the lowlands along the river. The warning given at the McCullough lake went unheeded and the disaster was the result. It was accompanied by a flood which did considerable damage to property along the river bottoms, drove families in the lowlands from their homes and entailed a loss of many thousands of dollars to the owners of the McCullough properties.

POOLS FORMED BY SEEPAGE
City officials who have visited the storage reservoir state that they have discovered pools of clear water along the east bank, the clearness and freshness of the water found in these pools indicating that they were formed by seepage from the reservoir.

The storage reservoir was constructed to be built with a capacity of six hundred millions of gallons of water but former director of service Wilbur Fisk is of the opinion that the lake does not now consist of a quantity that will greatly exceed four hundred million gal-

lons. This quantity of water is however sufficient, if released suddenly by a breaking of either of the banks to cause a disastrous flood. In addition, it would leave the city without an adequate water supply and a water famine, with possible disease epidemic would follow.

The auxiliary pumping station at Lost Creek reservoir, east of the city, is now out of commission and could not be repaired and put into operation in less than six or eight weeks' time. The machinery is in a state of bad repair and the stack at the power plant was blown down during a storm some time ago. In the event of a break in the banks of the big storage reservoir, the city's entire water supply would depend upon the two smaller reservoirs of the city pumping station. They have a capacity of from 150 to 160 millions of gallons of water and this supply, under ordinary conditions at this period of the year would not be sufficient to last more than thirty days.

MR. HARMAN OUT OF CITY.

An effort was made to see public service director Harman today but inquiry at his office in the administration building brought the response that he was in Chicago, where he is visiting the furniture markets. He is not unaware of the conditions that exist at the storage reservoir, for he has had these conditions frequently called to his attention and has made many trips to the big lake to personally

inspect the unsafe banks. During recent weeks he and mayor Shook have been busy engaged in an effort to work out their water meter and Ottawa river and boulevard theories and the threatening condition at the storage reservoir has gone unnoticed.

While the present city administration has asked the city council for appropriations upwards of three hundred and fifty thousand dollars for the carrying forward of some of the theories of the executive and public service department, no appropriation has been sought for the improvement of the storage reservoir.

SENT TO SPRINGFIELD.

William Peterson, a legless transient, who says his home is in Cleveland, applied to the city board for transportation to Springfield. He was warranted over to the county board and given the necessary railroad fare. Peterson has been in Lima several days, making a scant living by the sale of lead pencils and by begging on the street corners.

A Five-Cent Washwoman

In Evanston, Illinois, washwomen get from \$2 to \$2.50 per day, and carry to and from work. Five years ago they got \$1.50 a day. Naturally wash day is an expensive day there. But now women everywhere are learning of a wash-day worker that only costs a nickel. Easy Task laundry soap does half the work all by itself, saves money, saves time, saves fuel, saves health and saves clothing. Many women say it solves the servant problem.

JAPAN IS COURTING FAVORS OF GERMANY

(By United Press.)

Berlin, July 18.—At the tour of Europe recently begun by ex-Prince Katsura, of Japan, was undertaken to negotiate an alliance between the Mikado and the Kaiser, is arrested in diplomatic circles here today. It is said the Japanese want to dissolve partnership with the English and are prepared to guarantee protection to German interests in the Orient in the event of an Anglo-German war. The Kaiser is reported to look askance on the plan, however, principally because he thinks it would embarrass him in the event of friction between Japan and the United States. Prince Katsura has said repeatedly that the tour was purely for pleasure.

I. W. W. IS CAUSING MOST OF TROUBLE

(By United Press.)

New Bedford, Mass., July 18.—The mill strike situation which has completely tied up three quarters of the biggest textile mills in this city became complicated today when an open break between the Industrial Workers of the World and the unions affiliated with the American Federation of Labor materialized. Officials of the craft unions refused today to co-operate with the I. W. W., and the feeling between the two organizations is so intense that serious trouble is feared. There was no disorder at the mill gates when the strike breakers went to work today.

Choice of all trimmed hats and shapes, \$1.00. Many for 50c. Sanders' Millinery, 316 N. Main st.

TRESTLE DYNAMITED.

Owingsville, Ky., July 18.—The settlement around the Rose Run Iron Ore mine near here, was aroused today following the dynamiting last night of a railroad trestle owned by the mine company. Though no arrests have been made the mine operators declare the identity of the dynamiters is known. A strike has been on at the mine for a month because the management refused to allow an increase in wages.

MOONEY WON'T ACCEPT.

Washington, July 18.—Granville W. Mooney, former speaker of the Ohio legislature today declined to accept the post of assistant secretary to the President, left vacant by Sherman Allen, who is to become assistant secretary of the treasury. Mooney indicated to the president that he has interests in which he prefers not to leave for a political job.

Finger Nails Poison!

Heber's Ungoid alleviates the most terrible itching the moment it is applied, and is used and recommended by leading physicians in the treatment of Eczema, Tetter, Acne, Furuncles, Salt Rheum, Barber's Itch, Dandruff, Poison Ivy, Prickly Heat, Itching Feet, Galled and Poisoned Skin, no matter how long standing. Nothing on earth equals Ungoid for itching Piles. It is particularly effective in healing Burns, Boils, Cuts, Wounds and Mosquito Bites. Heber's Ungoid is sold by all druggists at 50c a jar, or will be sent prepaid by The G. C. Bittner Co., Toledo, O. Central Drug Store.

SAVAGE DOG ATTACKS LITTLE SON OF METCALF ST. MAN.

LAD'S CONDITION IS SERIOUS AND CASE OF RABIES IS FEARED.

Savagely attacked by a cur dog believed to have been afflicted with the rabies, a four year old son of A. S. Morris, 1223 South Metcalf street, is reported in a dangerous condition today. The child was attacked by the canine late Tuesday afternoon. The animal "growled and sprang at the boy, sinking its sharp teeth deep into his left arm. The wound was not cauterized and it was discovered this morning that complications had developed and that the child was in grave danger.

The dog is owned by William Poling, 1221 South Metcalf street, a neighbor. Police were summoned Tuesday night by Mr. Morris, who wished to have the animal disposed of. The canine was missing. According to Morris, it was hidden in the parlor at the Poling home. Wednesday morning another patrolman was detailed to investigate and learned that the dog had been shipped away. Chief Vermillion promised an investigation.

MAYOR SHOOK TELLS BAR TENDER TO RAISE AMOUNT OF FINE OR BEAT BOULDERS.

"Pay your fine or we'll give you a seat at the rock-throwing" admonished Mayor Shook to Mel Anderson, barkeeper at Ralph Hooker's south Main street saloon who was fined \$100 and costs upon being convicted on a charge of Sunday selling Tuesday evening.

Anderson informed the mayor that he was without funds and could not meet the assessment. "There's a work house bench awaiting you, in that event," rejoined the mayor, and the barkeeper today is engaged in a financial campaign to raise the necessary funds.

HAS BAD FALL

Mrs. Emma Hughes Meets With Very Painful Accident.

Encouraging reports were received from the bedside of Mrs. Emma Hughes, mother of R. M. Hughes, jewelry merchant, who was injured yesterday in a fall from the top of a flight of stairs from a cellar at the home of Kent Hughes, 1231 Lakewood avenue. Opening the doorway to a cellar and stepping across what she believed to be a threshold, Mrs. Hughes plunged through an open stair way to the cement floor below. Two hours later she was found in a comatose state. She was removed to the home of her son R. M. Hughes on West Market street and is reported to be recovering.

Lima Police Badges Not to Be "Tainted"

Mayor Corbin N. Shook and Safety Valve Blank, went to the races at the Driving Park yesterday afternoon and after looking over the greatest field of thoroughbreds ever gathered together at one time on an Allen county track, shook their heads sadly because the Driving Park was not within their jurisdiction.

Being otherwise unable to demonstrate their authority, Safety Director Blank issued orders that the police badges which were being worn by the officers who police the grounds at the expense of the Driving Park people, should be returned at once to the police department where they were borrowed for the occasion and that if the park policemen wanted to wear badges they should have some printed on ribbons.

It has been customary for years to police the driving park with men specially hired for the work by the Driving Park Association and the badges that have been worn have always been loaned for the purpose by the city police department. These badges were used chiefly because they were a better emblem of authority than any special badge that could be provided and also because of the fact that many of the regular city policemen were on this extra employment for hours while otherwise off duty. The same rule was followed on occasion, but Shook and Blank decided that their badges would be "tainted" if used at a "hoss" race and the shiners were ordered returned.

This order however, does not prevent the Shook and Blank men from wearing their badges until they have passed through the gate without paying an admission fee. Then they upin the badges, stow them away in their pockets and enjoy the races just as much, or more, than Shook and Blank did.

We Will Cure Men For \$12.50

DURING JUNE & JULY ONLY

PAY US FOR CURES ONLY.

Our Special Offer

In view of there being so many afflicted with special and chronic diseases who are treating with specialists and inexperienced physicians without receiving any benefit we have decided to make a special offer to the benefit of half of our female

those who are now undergoing treatment elsewhere and are dissatisfied, providing that you come to us during September. For instance, if you are afflicted with either Stricture, Varicocele, Hydrocele, Nervous Decline or Skin Disease, our charge for curing either of which, without any complication, is \$25, we will cure you for \$12.50, and accept the money in any way you wish to pay. We will also cure Contagious Blood Poison or Eruptive, Rectal Diseases, Impotency

for Urinary Diseases for \$25, which is just half our regular fee. The liberal offer is made to enable those to be cured who have spent their money in doctoring without relief, and to show the many who have treated with dozens of physicians without benefit that we have the only methods that produce a life long cure.

Our methods are up-to-date and indorsed by the highest medical authorities of Europe and America. Hence our success in the treatment of men's diseases. Remember, our specialty is limited to the disease of MEN and MEN ONLY.

SPECIAL DISEASES, newly contracted, and chronic cases cured. ALL burning, itching and inflammation stopped in 24 hours.

A LIFE-LONG CURE FOR

CONSULTATION FREE. If you cannot call, write.
Office Hours Daily—Mondays, Wednesdays, Thursdays and Saturdays, 8
m. to 5 p. m. Tuesdays and Fridays—8 a. m. to 5 p. m. Sundays—9 a. m.

SUICIDE

OF PANDORA MAN WAS DELIBERATELY PLANNED.

INFANT IS FOUND DEAD IN BED BY ITS PARENTS.

Ottawa, July 18. (Special).—Jacob Zimmerman, 65, laborer, Pandora, committed suicide by hanging, Wednesday morning. He had been in poor health for some time. At 4 a. m. he arose, making a temporary bed in the haymow and at 7 o'clock he tied a noose in a rope, fastened one end of the rope to a beam of the barn, slipped his head thru the noose and was found in a semi-reclining position. He died from strangulation. The body was found by his daughter. A wife and several grown children survive him.

An infant child of Mr. and Mrs. B. A. Amstutz, Pandora, was found dead in bed at eleven o'clock Wednesday morning. The little one had been suffering from bowel trouble. At nine o'clock that morning, it had been put to bed. At eleven it was found dead. Presumably, it died in a spasm.

CLOVER LEAF ENLARGES DELPHOS FORCE—RARE COIN FOUND.

Delphos, O., July 18.—The force of men at the Clover Leaf shops here is being gradually increased and if men continue to be added as rapidly as they have been in the past two weeks, the force will soon be as large as it was when the retrenching order was received several months ago. Men are being added almost daily in the different departments and considerable trouble is being experienced in securing the desired number of men for common labor.

A rare coin was taken from a gum vending machine at Kling Bros' drug store, Wednesday. The coin which has the appearance of an ordinary American penny, bears the date of 1863, and the following lettering on the back, "J. W. Hunt, Drugist, Express Agt., Delphos, O." The coins were issued by the government during the civil war, and while they had no real money value they were used as a medium of exchange.

FARMERS IDLE

CRIDERSVILLE HAS MORE THAN HER SHARE OF MOISTURE.

Special to The News.

Cridersville, July 18.—The farmers of this vicinity are no longer studying weather conditions and looking wishfully at thunder showers that miss their farms, but are now content. The heavy down pour Monday afternoon and night will keep them from cultivating crops for a few days. Our village was not visited by damaging storms like those that struck Lima and Wapakoneta and other nearby points. The air was highly electrified and of the numerous thunderbolts only one stroke did any damage here, which struck the residence of S. E. Brandt. The lightning coursed down the chimney flue, tearing off few shingles near the chimney, and some plastering in two rooms. It was a cold stroke and the calling out of the village fire department occasioned a great deal of unnecessary excitement.

WATER WORKS NOTICE. ALL WATER RENTS MUST BE PAID THIS WEEK. ALL WATER RENTS NOT PAID BY JULY 20TH WILL HAVE 10 PER CENT ADDED. THE OFFICE WILL REMAIN OPEN ALL DAY SATURDAY AND SATURDAY EVENING. LIMA WATER WORKS. 7-1631

ONE KILLED

And Many Injured When Train Rols Down Embankment.

Bristol, Tenn., July 18.—A west-bound train on the Southern road, one of the fastest passenger trains on the road, plunged down an embankment, one mile from Vance, Tennessee, about four miles west of this city, at 4 o'clock Wednesday afternoon, demolishing the greater portion of the flyer, killing mail clerk Bruce A. Hodges, fatally injuring his father, Mark L. Hodges, both of Bristol, and seriously injuring two other mail clerks and 15 passengers.

R. W. BRUNSKILL, Practitioner, Suggestive Therapeutics and Chiropractic, strictly drugless. 213 W. Spring St. Lima, O., Lady attendant. 6-16

MANY ARE MIS-MATED.

Special to The News.

Springfield, O., July 18.—One hundred and twenty-three unhappy couples could not see their way clear to married happiness and sought relief in the divorce court of Clark county during the year ending June 30, 1912, according to the annual report just completed by Clerk of the Courts Fred Snyder. This number does not include 80 cases which were pending on July 1, 1911, but represents the total number of divorce suits filed, husbands having brought 46 of the suits and wives the remaining 157.

SUICIDE

OF PANDORA MAN WAS DELIBERATELY PLANNED.

INFANT IS FOUND DEAD IN BED BY ITS PARENTS.

Ottawa, July 18. (Special).—Jacob Zimmerman, 65, laborer, Pandora, committed suicide by hanging, Wednesday morning. He had been in poor health for some time. At 4 a. m. he arose, making a temporary bed in the haymow and at 7 o'clock he tied a noose in a rope, fastened one end of the rope to a beam of the barn, slipped his head thru the noose and was found in a semi-reclining position. He died from strangulation. The body was found by his daughter. A wife and several grown children survive him.

An infant child of Mr. and Mrs. B. A. Amstutz, Pandora, was found dead in bed at eleven o'clock Wednesday morning. The little one had been suffering from bowel trouble. At nine o'clock that morning, it had been put to bed. At eleven it was found dead. Presumably, it died in a spasm.

SPECIAL DISCOUNT ON ALL STRAW HATS AT LOWENSTEINS.

WAYNESFIELD

Mr. and Mrs. Fred Noff and son, Robert, were entertained at six o'clock dinner at the home of O. Davis, at Lima, Monday evening.

Charley Coffin and family went to Ft. Recovery, Saturday, returning Sunday. They went to see Mrs. Coffin's brother, who is suffering from tuberculosis.

Don Pratt arrived here from San Francisco last week, his family have been here quite a while.

Mr. M. R. Pepple and wife and Mr. John Hester and wife were entertained at Sunday dinner at the home of S. B. Meeks and wife.

Mrs. Sarah Meyer spent a few days with her sister, Laura, at Bellefontaine, this week.

Mrs. Diantha Doty, and Mrs. A. Opeland, of Lima, celebrated their birthdays at the home of Mrs. Doty last Sunday.

Edgar Fasig and wife took charge of the telephone office this week.

Mrs. W. R. Green is entertaining her sister and family from Indiana, this week.

The B. L. P. C. will give a social Friday night at the home of Mrs. La Bennett.

Mrs. Laura Hoke returned to her home in Oelven, Iowa after a short visit with her husband's people in this place.

Mrs. Eva Pratt, her children and grandchildren spent Sunday with her mother and father at Lakewood.

Dr. C. L. Tupper's office will be closed during August.

THE MANUFACTURERS' AND MERCHANTS' \$3,000.00 PRIZE LABEL CAMPAIGN.

Full particulars may be obtained from C. B. Acker, Campaign Manager. Phone—2396, Jackson Building, above Lima News Office.

COMMITTEE NOW PLANNING THE CAMPAIGN

PROMINENT DEMOCRATS GATHER WITH WILSON FOR IMPORTANT CONFAB.

Sea Girt, N. J., July 18.—Business was good today at the Sea Girt post office, where postmistress Mary A. Blakey was kept hustling to cancel the last of thousands of letters which Governor Wilson has just finished writing in reply to letters and telegrams of congratulations. As the Sea Girt office is of the fourth class, its postmistress is paid according to the number of stamps cancelled. The Wilson candidacy therefore means much to Mrs. Blakey.

Plans were made at the "little White House" today for a conference this afternoon between Governor Wilson and Chairman McCombs and the following men, prominent in the pre-convention campaign. Committeemen Robert S. Hudspeth, of New Jersey; Senator Gore, of Oklahoma; Congressman A. Mitchell Palmer, of Pennsylvania; Committeemen Josephus Daniels, of North Carolina, Committeeman Joseph E. Davies, of Wisconsin; Committeeman Willard L. Saulsbury, of Delaware; Senator O'Gorman, of New York; Wm. G. McAdoo, and Congressman Albert S. Burleson, of Texas.

With Governor Wilson and Chairman McCombs it was planned these men should arrange the details of the Governor's campaign. It is acknowledged that within a day or two, they will be announced as the campaign committee in whose hands the conduct of the campaign will lie.

Governor Wilson has refrained from announcing any decision as to whether he will resign the governorship of New Jersey, and whether he will take the stump. He still refused to make any definite statement today, but it is understood that he will not resign and that he will make campaign speeches in doubtful states but will not make an extended stumping tour.

He will probably speak in Massachusetts and Connecticut, New York, Pennsylvania, West Virginia, Ohio, Indiana, Illinois, Colorado and on the Pacific coast.

HOW NERVOUS.

New York, July 18.—The blowing of all the all-ashore whistle on the steamship Metapan, which sailed to Jamaica, caused a nervous woman to open her mouth and drop her false teeth, postponing her voyage.

REAL ESTATE TRANSFERS.

LANDS BIG CARP.

Fremont, O., July 18.—Leonard Milke, of this city, is exhibiting a sixty pound carp caught near Peach Island, in Sandusky Bay, and reported to be the largest fish ever taken out of the bay. The carp fought terrifically and had to be shot before it could be landed.

"Just Say" HORLICK'S It Means Original and Genuine MALTED MILK

The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S.

Others are imitations.

DENY INFERNAL MACHINE SENT TO WHITE HOUSE.

Washington, July 18.—A persistent report that an infernal machine sent to the White House had been opened in the executive office and assistant secretary Sherman Allen slightly burned from the fuse was emphatically denied by all employees today. Allen declared the story was untrue and that he had heard nothing of it until asked regarding its accuracy. Despite denials the impression persisted here that the report was true.

TORRID SPEED

LEADS GROCERS TO PLAN AN EARLY CLOSING AGREEMENT.

Grocers of the city are now circulating petitions looking to an early closing agreement during the heated term. The committee that has visited a portion of them has met with success in that practically all are agreed that closing the stores at 5.30 during the hot season is a good thing. Several more are yet to be seen, but it is believed that all will agree to close.

At the present time all other branches of trade are observing early closing during the summer months, including the shoe stores, jewelry stores, and clothing stores and the grocers hope to get in line. The plan, as carried out in scores of other cities meets with the hearty approval of the people and the rest for tired grocery clerks of Lima will be forthcoming from all indications within a few days.

DAMAGE SUIT MAY RESULT

FROM COLLISION OF FIRE
CHIEF'S BUGGY WITH
STREET CAR.

A damage suit may result from a collision of Chief John Mack's buggy with a city car at the intersection of High and Main streets at 4.30 yesterday, when the chief's horse was badly hurt and the occupants of the buggy narrowly escaped death.

In response to an alarm pulled on north Cole street, Chief Mack together with Driver John Burgoon dashed west on High street and collided with city car No. 329 at Main street, in charge of Motorman L. U. Leech and Conductor J. P. Logue. Pedestrians attempted to halt the car and waved the chief's buggy ahead. The horse leaped into the rear end of the car and mangled its jaw. Chief Mack and Driver Burgoon clung to the sides of the rig and narrowly escaped being hurled into the street which has been torn up for repairs.

O. C. McCormick, manager of the Oakland Sales Company, rushed the Chief to the scene of the fire, the home of A. J. Driver, 517 north Cole street, where a defective fuse had caused a small blaze. The fire was smothered entailing a loss of \$5.00.

As a result of the accident and near-tragedy, the old agitation to have city cars stop on the near side of the crossing has been revived and it is quietly likely that council will take action on the matter. The street car crew yesterday were rebuked for not taking precautions. Only twenty feet of the street is open to traffic, since repairs are being made to the thoroughfare.

Ask your grocer for TROOP & CO'S Home Made Flax. Always fresh. Either Phone 2432. 4-1-1t

CATCH MURDERERS.

Toledo, O., July 18.—After more than eight hours' chase through the western part of the county and over to the Michigan state line, Sheriff Newton, of Lucas County, with many deputies and Toledo police and a posse of farmers arrested three youths, formally charging them with the murder of Fred Hummel, 22 years old, bartender, who was shot to death early Sunday morning.

UNCLE REWARDS HER.

New York July 18.—Because she clung to her Jewish religion, while the rest of the family became Roman Catholics, Mrs. Anna Lewinthal came into a legacy of \$28,000 from her uncle.

COMMITTEE NOW PLANNING THE CAMPAIGN

PROMINENT DEMOCRATS GATHER WITH WILSON FOR IMPORTANT CONFAB.

Sea Girt, N. J., July 18.—Business was good today at the Sea Girt post office, where postmistress Mary A. Blakey was kept hustling to cancel the last of thousands of letters which Governor Wilson has just finished writing in reply to letters and telegrams of congratulations. As the Sea Girt office is of the fourth class, its postmistress is paid according to the number of stamps cancelled. The Wilson candidacy therefore means much to Mrs. Blakey.

Plans were made at the "little White House" today for a conference this afternoon between Governor Wilson and Chairman McCombs and the following men, prominent in the pre-convention campaign. Committeemen Robert S. Hudspeth, of New Jersey, Senator Gore, of Oklahoma; Congressman A. Mitchell Palmer, of Pennsylvania; Committeemen Josephus Daniels, of North Carolina, Committeeman Joseph E. Davies, of Wisconsin; Committeeman Willard L. Saulsbury, of Delaware; Senator O'Gorman, of New York, Wm. G. McAdoo, and Congressman Albert S. Burleson, of Texas.

With Governor Wilson and Chairman McCombs it was planned these men should arrange the details of the Governor's campaign. It is acknowledged that within a day or two, they will be announced as the campaign committee in whose hands the conduct of the campaign will lie.

Governor Wilson has refrained from announcing any decision as to whether he will resign the governorship of New Jersey, and whether he will take the stump. He still refused to make any definite statement today, but it is understood that he will not resign and that he will make campaign speeches in doubtful states but will not make an extended stumping tour.

He will probably speak in Massachusetts and Connecticut, New York, Pennsylvania, West Virginia, Ohio, Indiana, Illinois, Colorado and on the Pacific coast.

HOW NERVOUS.

New York, July 18.—The blowing of all the all-ashore whistles on the steamship Metapan, which sailed to Jamaica, caused a nervous woman to open her mouth and drop her false teeth, postponing her voyage.

REAL ESTATE TRANSFERS.

LANDS BIG CARP.

Fremont, O., July 18.—Leonard Milke, of this city, is exhibiting a sixty pound carp caught near Peach Island, in Sandusky Bay, and reported to be the largest fish ever taken out of the bay. The carp fought terrifically and had to be shot before it could be landed.

"Just Say" HORLICK'S It Means Original and Genuine MALTED MILK

The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S.

Others are imitations.

DENY INFERNAL MACHINE SENT TO WHITE HOUSE.

Washington, July 18.—A persistent report that an infernal machine sent to the White House had been opened in the executive office and assistant secretary Sherman Allen slightly burned from the fuse was emphatically denied by all employees today. Allen declared the story was untrue and that he had heard nothing of it until asked regarding its accuracy. Despite denials the impression persisted here that the report was true.

TORRID SPEED

LEADS GROCERS TO PLAN AN EARLY CLOSING AGREEMENT.

Grocers of the city are now circulating petitions looking to an early closing agreement during the heated term. The committee that has visited a portion of them has met with success in that practically all are agreed that closing the stores at 5.30 during the hot season is a good thing. Several more are yet to be seen, but it is believed that all will agree to close.

At the present time all other branches of trade are observing early closing during the summer months, including the shoe stores, jewelry stores, and clothing stores and the grocers hope to get in line. The plan, as carried out in scores of other cities meets with the hearty approval of the people and the rest for tired grocery clerks of Lima will be forthcoming from all indications within a few days.

DAMAGE SUIT MAY RESULT

FROM COLLISION OF FIRE
CHIEF'S BUGGY WITH
STREET CAR.

A damage suit may result from a collision of Chief John Mack's buggy with a city car at the intersection of High and Main streets at 4.30 yesterday, when the chief's horse was badly hurt and the occupants of the buggy narrowly escaped death.

In response to an alarm pulled on north Cole street, Chief Mack together with Driver John Burgoon dashed west on High street and collided with city car No. 329 at Main street, in charge of Motorman L. U. Leech and Conductor J. P. Logue. Pedestrians attempted to halt the car and waved the chief's buggy ahead. The horse leaped into the rear end of the car and mangled its jaw. Chief Mack and Driver Burgoon clung to the sides of the rig and narrowly escaped being hurled into the street which has been torn up for repairs.

O. C. McCormick, manager of the Oakland Sales Company, rushed the Chief to the scene of the fire, the home of A. J. Driver, 517 north Cole street, where a defective fuse had caused a small blaze. The fire was smothered entailing a loss of \$5.00.

As a result of the accident and near-tragedy, the old agitation to have city cars stop on the near side of the crossing has been revived and it is quietly likely that council will take action on the matter. The street car crew yesterday were rebuked for not taking precautions. Only twenty feet of the street is open to traffic, since repairs are being made to the thoroughfare.

Ask your grocer for TROOP & CO'S Home Made Flour. Always fresh. Either Phone 2432. 4-1-1t

CATCH MURDERERS.

Toledo, O., July 18.—After more than eight hours' chase through the western part of the county and over to the Michigan state line, Sheriff Newton, of Lucas County, with many deputies and Toledo police and a posse of farmers arrested three youths, formally charging them with the murder of Fred Hummel, 22 years old, bartender, who was shot to death early Sunday morning.

UNCLE REWARDS HER.

New York July 18.—Because she clung to her Jewish religion, while the rest of the family became Roman Catholics, Mrs. Anna Lewinthal came into a legacy of \$28,000 from her uncle.

AN AWFUL LESSON.

There's a strong, a terribly strong lesson, in the open charges of District Attorney Whitman, of New York, that members of the police department of that city framed the murder of a private citizen, executed it and then covered their crime. It ought to be interesting reading to every man officially connected with any department of police in any city in the country. At this time it ought to be watched doubly close by members of the Lima police department.

When affairs reach such a point that the men sworn to protect life deliberately take a life, it's a terrible thing to contemplate. Lima has not reached this point, certainly not. But possibly, now that we are briefly studying the Gotham case, possibly some of the captains or lieutenants of the New York police department started by accepting a little graft from gamblers, or from women of questionable character that wanted to ply their trade. Gradually they worked along with these petty grafts, blood-money sucked from the breast of the dirtiest, until the price got high enough to drive them to murder when the revenue was cut off, as it was when Herman Rosenthal "peached."

Maybe some little grafting in Lima, known to have once existed, and there are many not sure but it is still in existence, might lead to a similar crime. It is awful to contemplate and we prefer to look on the brighter side and believe that it will never reach the murder point.

Bad men there are and good in the police department of every city. Ex-convicts, men who have served workhouse sentences whether sent up out of Lima, her sister city of Mansfield or any other city, are not to be reformed by any means where they are in constant contact with criminals. Certainly there is not a man alive that has ever "done time" but is capable of reforming and making an even better citizen than he was before. By putting them on a police force to reform them is about like fitting a dog with silk hose and expecting cleanliness.

The press dispatches say New York's safety department made this mistake. Let us trust Lima isn't falling into metropolitan ways if the results must be the same.

New York's newest murder mystery will be watched with interest throughout the world. So will the attempt of the District Attorney to bring the guilty to justice. And we would recommend, believing that none of us ever grow too old to learn and that we may yet profit from evil lessons others set before us, that every member of the Lima police department interest himself in it, remembering that Biblical quotation and as truthful as the day it was spoken:—
"BE SURE YOUR SINN DO NOT FIND YOU OUT."

POOR OLD JOHN BULL.

Within a fortnight the sturdy American athletes who participated in the great Olympic events at Stockholm will have arrived home, covered with the honor and the glory that follows an American in anything he starts into.

It has been expected that the

team from the United States would win. But it was believed that England, instead of Sweden would be her nearest competitor for first honors. Even with England claiming the points of Canada, Australia and Africa the Swedish athletes came in second place.

Now old John Bull is naturally nursing his bruises and eating about for a reason. The reason is plain, very plain. English athletes went at the olympian events like they go at anything—hap hazard. They started into a race like a man would get up from a porch swing and put on the gloves with a professional pugilist. They lacked training, just the same as English soldiers as well as sailors have for years lacked. They were deficient in generalship and unable to work together. The English stock is weakening physically, due possibly to the laboredness of peasant with once proud royalty. In America, where every man is a king and a prince and rules over his own domain far dearer to him than the throne of England, the race is growing stronger each generation.

Next year will find Americans stronger in olympic races. Every succeeding year will find them stronger, just as every year will serve to show that the subjects of Great Britain are growing weaker physically and no match in athletics for the new world.

As bad as we hate to, we are forced to call attention to the riot at Ada in which college students were beaten up by citizens and arrested when they attempted to storm a five-cent picture show. Bootleggers should either leave them the price of admission to a picture show or arrange it so the R. F. D. into Ada with their money from home got in more often.

Policeman Enlieb is looking for a feather to put in his hat. Judging from the violent manner in which he sat down on the hard pavement at south Main street and the Erie road a few days ago, he had better seek a whole ticket of feathers and wear them under the tail of his coat.

Happy Thought:—What kind of religion is it possessed by people who pray "forgive us as we forgive those who trespass against us" and then look under the bed for a burglar?

And not one single editor has commented on the fact that gasoline for his auto might be advanced in price since an oil tank burned here this week.

MISS LIMA:—A freckle on a daughter's countenance is of more importance to her than all the spots on the sun.

Fifty Years Ago Today.
July 17.

J. W. Gishler, English meteorologist, ascended in a balloon from Wolverhampton, 26,877 feet, nearly five miles. The temperature at each was 55, two miles up 26, four miles up 42 and five miles up 19. At this height the air was dry and "electrically positive."

President Lincoln signed the bill confiscating the property of Confederates.

Morgan's cavalry defeated the Federal garrison at Cynthiana, Ky., after an hour's fighting.

CANNING TIME

They Deserve One.
There is considerable agitation in this country for a pension for mothers, but we do not hear anybody advocating a pension for mother-in-law.—Kenton Democrat.

LETTERS TO THE EDITOR

Editor Lima News:—
I would like a little space in your valued paper to throw a little light on an item that appeared in your Tuesday edition which read as follows:

"Labor unionists will concentrate their forces in another organization here, Thursday night, at the Socialist Hall, when a local union of Industrial Workers of the World will be perfected."

The above is mis-leading in the extreme as the I. W. W. is far from being in accord with trade unions.

The I. W. W. was organized to disrupt organized labor and at present are causing factorial fights in the Socialist party. Labor organizations are composed of skilled mechanics who specialize on a certain kind of work. The I. W. W. is founded on nothing and out of nothing, and specializes nothing and consequently there is nothing to it.

I have no objection to the I. W. W. forming a local here, but I take this means to notify the public that the "Carpenters Local" for one, is in no way connected with the new organization. We have been organized since 1881 and point with pride to the progress we have made and in view of our past record we do not care to be sponsor for the new local fraternity.

Yours,
ORA M. GREEN,
Sec. Carpenters Local 372.

HANDLING THE NEWS.

A very disgraceful affair occurred Saturday night as a result of a Lima trip. One of the parties received several cuts from a pocket knife. They were willing to drop the subject but Mayor Campbell thought otherwise and gave them fines on a sliding scale—\$5.00 to \$15.00 each. There are conflicting reports as to the cause and connecting incidents.—Ada Record.

POINCARÉ IS DEAD.

Paris, July 18.—Henri Poincaré, the World's famous mathematician, and a member of the Academy of Sciences and the Academy of France, died in a sanatorium here today. Few knew that he was ill.

NEARS BREAKDOWN

SEN. JOHN W. KERN

On the advice of his physicians, Senator Kern, of Indiana, has left Washington for Hollis, Va., where he will rest for the summer in an effort to stall off the nervous breakdown with which he is threatened. Senator Kern's active part in the prosecution of Senator Lorimer, proved too great a strain for his strength, already severely taxed by his work at the Democratic National convention, in Baltimore.

PREFER WEIGHT.

Columbus, O., July 18.—In the interest of the ultimate consumer the sealers of the state, at the third annual meeting of the Ohio State, County and City Sealers and Deputy Sealers of Weights and Measures, decided to recommend to the next General Assembly an act to do away with all measures and provide for the sale of all articles of food by weight. Thirty cities and fifty counties are represented, and State Dairy and Food Commissioner S. E. Strode is directing the business as President.

HOW TO DESTROY THE DANDRUFF GERM

BY A SPECIALIST.
That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption we appreciate the importance of any agent that will destroy the dandruff germ. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found after repeated tests to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and has in numerous cases produced a new hair growth after years of baldness. This prescription can be made up at home, or one dropped with put it up for you. It comes in a bottle, 2 ounces Lavone de Compose, one-half ounce Menthol Crystal. Mix thoroughly, and after standing half an hour it is ready for use. Apply twice and morning, rubbing into the scalp with the finger-tips. It is a very perfumed, and a fragrant, which unites perfectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.

CAUTION: Do not apply where hair is not desired and be sure to avoid those containing poisonous wood alcohol.

Frank J. Cheney, of Toledo, Lucas County, Pa. Frank J. Cheney makes claim that he is a partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio, and that he is ready to pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.
Given to date me and subscribed in my presence, this 6th day of December, A. D., 1888.
A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surface of the system. Send for testimonials, free.

BABY BURIED IN CASKET WITH GOAT

Special to The News
St. Louis, July 18.—The police and hospital authorities are making an investigation as to the blame for placing a portion of a baby's body in a box with a goat's body for burial in the Potters Field.

The four month old infant of Mr. and Mrs. Stanislaus Maggos died at the City Hospital Thursday, Saturday the mother sent an undertaker after the body of her child. The undertaker overtook the body at the Potters Field and when the box was opened the body of the goat and a portion of the child's body was found.

The infant died at the City Hospital less than twenty-four hours after it was admitted. When she telephoned the hospital Wednesday night, Mrs. Maggos says she was informed the child was doing all right. When she telephoned Thursday night attaches told her that the child's condition had not changed, although the records show the baby died at 12:35 p. m. Thursday.

WONDERFUL RAIN...
IF IT EVER FELL

Springfield, Mass., July 18.—Tobacco plants in Suffield, Conn., grew four inches overnight, according to farmers, as a result of yesterday's rain, the first in six weeks. Planters declare that by actual measurements made on their return from church yesterday tobacco in tents, known as shaded tobacco, had grown seven inches in forty-eight hours. If this rate of growth is maintained ladders will be required to harvest the top leaves.

Veracious farm hands who have been sleeping out of doors during the high temperature complained to their employers today that their slumbers were disturbed last night by the continuous cracking incident by the rapid growth of the tobacco plants.

EVERYBODY KEEP OUT IS ORDER OF MAYOR

**BAR ROOMS MUST NOT EVEN
BE SCRUBBED OR SWEPT
ON SUNDAYS.**

The mayor has taken another toss at the saloonkeepers, following in the wake of safety director Blank's efforts of last Sunday to "show up" the parolmen of the department by spying over the city to see whether or not the regular men had "too many friends" in the saloon business. Last night, at roll call, the night men received orders to notify all saloonkeepers that the practice which has heretofore been granted by the police department, allowing the proprietors of public places certain hours during which their porters and other employees might enter the buffets between the hours of 11 o'clock Saturday night and 6 o'clock on Monday morning, for the purpose of cleaning up their places, shall hereafter be discontinued.

In other words the mayor insists that no one shall be permitted to enter a place where intoxicating drinks are kept for sale, at any time between the hours of 11 o'clock Saturday night and 6 o'clock on Monday morning. If the floors are filthy with dirt, the mirrors begrimed, the glasses sticky, the coils slimy, the cats, dogs or other house pets hungry, the cash register to be checked up, checks to be written in readiness for the Monday morning collectors, or what not to be done between the closing hours on Saturday evening and the opening hour on Monday morning, it must not be done. It must be passed over until Monday; that's all. Otherwise the offending barkeeper or proprietor will have to face his honor when time is called in mayor's court on Monday morning.

NEW REPORTER STARTS WILD BOMB STORY

**REPORT OF INTERNAL
CHINESE RANK FAKE.**

(By United Press)
Washington, July 12.—A little hazing story meted out last night to a "green" reporter on the White House "beat" by several veteran newspapermen resulted today in a country wide scare that an attempt had been made on President Taft's life through an internal machine. The new reporter walked into the press room of the executive offices to be met with the query, "Did you get that internal machine story?" The reporter said he did not and the hoax man told him a remarkable yarn with all the picturesque details.

Finally because the green reporter got so visibly excited, they told him it was a joke.

But the report that such an attempt had actually been made nevertheless spread throughout the country. The well known habit of secret service to hush up all such stories, coupled with what seemed to be the mysterious and persistent denial of all officials that they had "heard of the attempt," the usual diplomatic way of evading the issue led a number of newspapermen to assist in spreading the report.

The White House was literally deluged with demands for information. All sorts of wild rumors cropped out.

One story had it that it wasn't an explosive in the "internal box" but a deadly "gas."

The original report said that assistant secretary Sherman Allen put out the fuse in the bomb, burning his hands in so doing, but heroically saving the lives of the President and his employees. Sec-

Act Well.

THE FOLLOWING LETTER

**FROM DR. BRUZELIUS SHOULD
BE OF VALUE TO PROSPECTIVE
TIVE AUTOMOBILE
BUYERS.**

Dr. Bruzelius, the popular dentist of west North street purchased from the local agent, W. E. Rudy, a Chalmers 1913 pony tonneau. This car was delivered to the doctor July 5—and on the 9th he started in company with Mrs. Bruzelius for Woonsocket, R. I. The following letter is self explanatory. We are now delivering 1913 models. You will learn to know one fact, Chalmers cars are best in the long run.

Woonsocket, R. I., 7-16-12.

My Dear Mr. Rudy:—

Arrived here O. K., had a fine trip and what do you know, those two blow up casings that we had were never taken off the running board. We didn't have one puncture. That gallon of oil that we got from you lasted us just through. Just think, one gallon of oil for 1,000 miles. The only trouble that we had with her was the valve stem adjustment

which took about one hour's time in Utica N. Y. Say, Rudy if the seats covers of the car have come you can ship them to me by express to 851 Park avenue, Woonsocket, R. I.

Now don't forget to ship the covers if you have them.

Yours Truly,
Dr. Bruzelius.

WALL STREET HAS ODDS UPON WILSON

New York, July 12.—The odds in Wall street are 2 to 1 on Woodrow Wilson being the next President of the United States, according to the New York Times, (Democratic) which said today: "Any one who doesn't believe that Woodrow Wilson will be the next President of the United States and is willing to take a chance on his convictions, may find an opportunity to bet by interviewing an active member of the stock exchange. His name may not be mentioned because of the possible conflict with the anti-betting laws, but the broker has \$5,000 of his own money which he has been vainly trying to bet this week at odds of 2 to 1 on Wilson."

"BIRD OF PASSAGE BLANK CANNOT BESMIRCH MY NEST"

—CLERK OF SAFETY COMMISSION

"A reputation built through twenty years of honorable citizenship, commendable business transactions and reputable political dealings is not besmirched by the flighty and preposterously distorted rumblings of a literal bird of passage. He may besmirch his own nest, he can't mine."

So spoke E. A. Dean, clerk of the civil service commission, when seen this morning and asked if he had any reply to make to the bitter and libelous philippic hurled at him by Safety Director Edwin Blank through the columns of a morning paper.

"The dignity of the civil service commission cannot be lowered by retorts to such wild accusations," continued Mr. Dean in his conversation. "No, I do not care to become involved in such a discussion."

My reputation will compare favorably with that of either Edwin Blank or Andy Earnst. I have shaped my career in Lima and Lima people know me too well to take any stock in the wild charges emanating from a brain storm in the cranium of Mr. Blank.

"To one statement, more distorted than the rest, I will reply, however. The safety director charges that in the reduction of Captain Andy Earnst to the rank of a patrolman several months ago for insubordination, a member of the civil service commission demanded that the matter be referred to the commission for settlement. The charge is false.

"The civil service commission, a non-partisan body, cannot lower its dignity by such broils, and I decline to enter into a discussion."

G. E. Bluem

Men and Matters

Charles McClintock, general representative of the 101 Ranch Wild West shows, was in the city yesterday and closed contracts for his company, which will appear here on August 31. The big tents will be on north Main street. Contracts were also made with L. N. Parke for the hay and grain to be provided here for the animals carried with the outfit. Mr. McClintock is not a stranger in this city, having been here last season with the "Way Down East" company and later as a representative of Trixie Friganza.

General storekeeper Williams, traveling storekeeper Tutwiler and superintendent of motive power Hale, of the E. & O., were called in this city yesterday. They are on an inspection tour of the C. H. & D. and the storekeepers have ordered a general cleaning up of all "scraps" along the lines of the road. They went to Toledo from this city.

Attorney L. H. Rogers went to Lakeview this morning to secure some important evidence in a big civil suit which he is trying in common pleas court before Judge Mathers this week. The suit involves the setting aside of a transfer of real estate valued at \$15,000.

FOR RENT—Large furnished front room, suitable for one or two gentlemen; all modern conveniences. 406 north Washington St. Phone 2246-M or Old phone 1155. 7-18-12

SNEAK THIEF BUSY. A sneak thief entered the cloak room of the Lima company, north Main street store, Thursday morning at 8:30 and rifled the pockets of a cloak belonging to Miss May Wheelbarger, a saleslady of 406 south Main street. A valued meshbag containing \$2.00 in currency, a diamond ring and minor effects was taken. Two small boys who entered the store and were seen prowling near the cloak room, are suspected.

To Increase the Habit of Saving

Makes it possible to increase the habit of home owning. The Lima Home and Savings Association solicits more deposits from boys and girls, from the employees of the shops and factories and clerks of Lima and surrounding counties. This Association is being called upon to make more loans for the purpose of building homes than it has money to supply. Since the American Home is the Safeguard of American Liberty, every possessor of an idle dollar can contribute to a worthy cause by depositing it with an institution that believes in paying a rate of interest that is worth while. These idle dollars when accumulated will be loaned out to those wishing to on their own homes. Our 5 per cent rate of interest, compounded semi-annually, has been paid for many years, and this rate will be continued. Investigate our plan.

THE LIMA HOME AND SAVING ASSOCIATION
Masonic Building,
West of Postoffice
LIMA, OHIO

SUIT CASE THIEF HELD UNDER A \$20,000 BOND

(By United Press.) Boston, July 15.—Accused of wholesale thefts of suit cases and traveling bags from North and South stations, Thomas McFarlane, of San Francisco and Boston, was a prisoner at Charles street jail today. He is being held in \$20,000 bail. His trial will be set next week.

The police declared today McFarlane's thefts will total \$100,000. L. R. Record, of St. Paul, who recently lost a suit case containing a bank book showing \$14,514 deposits, and it was found in McFarlane's room at the Grand View Hotel. Two suit cases and six bags were found in McFarlane's room. In one of the cases were 787 shares of Conley Incinerating company stock, with a par value of \$787,000. It belonged to Joseph E. Conley, of Oklahoma City. Valuable jewelry and silverware were found in the same room.

Many organizations and individuals in the \$20,000 Selling Campaign took advantage of the spirit of liberality and the desire of everybody to help each other to accumulate votes and at no time since the big campaign was first started has there been so many visitors in the campaign office as there have been in the past few days.

Practically every caller has a number of votes to deposit for one or more of the organizations who are striving to win the first prize, \$100,000 in gold, which will be awarded to the leading organization, September 30th.

Another feature of the interesting campaign is the battle royal which is between the boys and girls as to who will win the \$250.00 Brownie Auto which is now on exhibition at F. W. Mullenbaur's. This prize is worth the time of any boy or girl to work for. If your name does not appear on the list of contestants, you have ample time to enter your name and in a short time you can save up labels from the standard products and get as many votes as any boy or girl who is entered in the campaign. To enter your nomination just send in your name and address to the campaign manager, News Office, or call at the office and get the full particulars how to win the Brownie Auto. A full and complete list of the standing of all organizations and individuals in the campaign up to Thursday noon appears below.

POLICE BREAK UP JOY RIDE IN BUGGY

Stampeding his horse by violent whipping and rushing the animal across the Wayne street bridge with a thunderous roar, the wild ride of John Patrick, 31, a farmer living north of the city and two others who made their escape, was brought to an unceremonious halt at Main street at 3 o'clock this morning, when Patrolman Charles Billstein barricaded the street at the intersection of Main and Wayne streets and arrested Patrick. The others escaped from the buggy shortly before the patrolman arrested Patrick.

Pacin ghis beat in the wee small hours of the morning, Patrolman Billstein was aroused by the violent tattoo of horse's hoof rattling over the Wayne street bridge. The animal whirled west on Wayne street in 2:12 time and was brought to a stop by Patrolman Billstein. Patrick told Mayor Shook this morning that the animal had run off and that he was unable to stop it. He admitted to having been drinking, however, and this coupled with the testimony of the patrolman, convicted the man. He got \$5.00 and costs for his emulatio of Phil Sheridan.

NEW OFFICERS ELECTED.

Marion, O., July 18.--At a meeting of the Marion county Republican Executive Committee last night an organization, was perfected by electing W. H. Harrington, of Caledonia, Chairman, and C. J. Nicholas, Secretary. George B. Copeland resigned from the committee. C. J. Nicholas was recommended as a member of the Board of Elections.

STOCKS AND GRAIN

STOCKS HOLD FIRM ALL DAY THURSDAY

WONDERFUL CROP OUTLOOK IS HAVING EFFECT ON MANY ISSUES.

Special to The News. New York, July 18.--The stock market opened firm. The upward movement which was in progress at the late trading yesterday continued. The tone of the market was irregular. Government unchanged, other bonds dull. Wheat was firm at noon. Several special sales caused a little brisk selling in the afternoon, but there was nothing of a special nature and the close was firm.

Judging from the rally that took place Wednesday the market has not stopped discounting the emphasis now being placed in railroad and business circles on the wonderful crop outlook of the country. Of the higher prices made most of them were on stocks that will benefit from the increased activity of wheat, corn and oats and their by-products. Sentiment was also helped by the reassuring advice from the steel trade, the weekly reviews describing increased activity in many branches. These statements were just the ones those given out last week when slackening trade was reported. There were rather definite rumors of a further rise in prices, and it was evident that wages would be advanced at various plants.

WATER MAIN BREAKS IN EAST HIGH STREET

Between the hours of 8 and 9 o'clock last evening a water main in east High street, near the west end of the High street bridge over Hog Creek, broke and when discovered the water was spurting high above the street surface and ploughing a furrow through to the creek. The break occurred in the twenty-inch main which extends to the city from the central pumping station and superintendent Lytle was compelled to shut off the supply in this main at a point near the D. T. & I. railroad while a force of men dug down to the break. It is expected that the main can be repaired by tonight, but until it is repaired the pressure throughout the city will be low.

CLOUDBURST IN EAST KILLS EIGHT

(By United Press.) Pittsburgh, July 18.--Eight people today are believed to have lost their lives and many thousands of dollars worth of property damage was done in the cloudburst along the Youghiogheny River near West Newton, last night.

John Raymond, a farmer and miner, living near Barren Run went out to look after his cattle in the flood last night during the storm and when he failed to return with his mother, wife, four children and brother-in-law are thought to have attempted to rescue him and all were swept away by the flood. The brother-in-law's body was recovered today, but there were no signs of the others.

She Burned the House. A woman in Montana sat down the other day and thought about house cleaning--about the carpets and rugs to clean, the woodwork to wash, the bedding to wash, the curtains to wash, the portiers to wash, the stairways and the railings and the floors and the steps and the windows and everything else to be washed and cleaned--and she got so worried over the prospect that she set fire to the house. Do you blame her? If she had only known as you do that Easy Task soap will do half the work of washing and cleaning, she would have felt more cheerful. It's a nickel a cake and one woman said she would pay a dollar a cake for it if she could get it no other way.

HORSE ONLY HUNGRY. For two hours this morning E. W. Day, a dairyman on Bellefontaine avenue and patrolman searched for Mr. Day's horse which had strayed from in front of his Bellefontaine avenue home. The animal was attached to a milk wagon. Mrs. Day left the beast in front of the home. Returning a few moments later, the steed, had vanished. A thorough search located the animal on south Pine st. where it was nibbling grass blades in front of a home.

LITTLE TOT Wanders Away To See Some More Of Great Wide World.

Lillian Prite, aged 3, wandered from the home of her father, Calvin Prite, a C. H. & D. engineer of 524 west Market street, where she has been visiting, and started out to see the world. Hours later she was found innocently watching workmen at the east North street stone quarries and was engrossed in their work, when a patrolman picked her up and brought her to the central station. The child was then returned to her almost distracted parent on west Market street.

The little one makes her home in Toledo since the death of her mother several weeks ago. The father, who lives in this city and brought his small daughter down for a short visit last week. In a desire to see the world, the little one wandered away.

WHEAT STILL ON TOBOGGAN TODAY

HAS FALLEN AWAY BELOW THE DOLLAR MARK--OATS GAIN SLIGHTLY.

Chicago, July 18.--While wheat did not take so great a tumble as yesterday, it nevertheless continued to fall throughout the day, and at the close had dropped fully four cents below the dollar mark. The Sept. crop opened up an eighth while Dec. lost as much. Corn for both Sept. and December went down an eighth and oats gained an eighth for the Sept. crop and half for the Dec. crop. Provisions held steady throughout the entire day.

The close Thursday showed: Wheat, Cash July 96 3-4; Sept. 92 3-8; Dec. 95 5-8; Corn, Cash, July 70 1-8, Sept. 64 1-2; Dec 55 7-8. Oats, Cash, 41 1-2; Sept 33 1-8; Dec 34; July pk. 17.25, Sept. 17.55, Oct. pk. 17.62.

The unexpected free movement of new wheat was felt not only in the Chicago pit but it was reflected in the smaller markets of the Southwest. It is generally believed that the present crop outlook in both great wheat belts will bring about a further readjustment of values in this country, such as has not been seen for several years. Crop experts say that the yields of winter wheat are in evidence, and that the spring wheat crop will be a surprise because of its total outcome. Farmers, bankers and country storekeepers--as one man--say that the United States is assured of prosperity in the big wheat yields, and that fact that it is following a period where offerings have been rather small, taking the country as a whole there will be no seasonally low prices.

LIMA GRAIN AND HAY MARKET. TINY LIGHTS TWINKLED IN TENDERLOIN

SERVING TO SHOW PUSSY-
FOOTED SLEAZES SCENE
OF SCREE.

Entering pleas of not guilty the
next of prisoners taken in a mid-
night descent upon Clara Gib-
son's alleged resort at 411 North
Union street last night, will have
a hearing of the charges placed
against them some time next week.
Attorney John Klatte, on behalf of
victims of the midnight raid, ap-
peared in mayor's court this morn-
ing.

The faint twinkle of a crimson
light in the supposed defunct ten-
derloin district brought a detail of
patrolmen to the scene and a cor-
don was thrown around the Gib-
son place. Refused admittance,
police smashed barred doors,
and arrested six men, C. W. Harris,
32, a traveling salesman, Toledo;
J. R. Morris, 25, laborer, Harvey
Baker, 24, laborer, George Blau-
ney, laborer, Howard Giberson, a
boarder at the house, and Clar-
ence Murray, together with Irma
Brewer, a woman supposedly an
inmate of the house. Clara Gib-
son and Myrtle Dunn, two other
inmates of the alleged resort, were
not arrested, police reporting that
they were ill. Chief Vermillion
will investigate the report.

All appeared this morning but
C. W. Harris, who forfeited his
bond. A hearing will be given them
early next week. The Brewer woman
has been in trouble before.
Several weeks ago she was arrested
on a charge of defrauding an
aged Wapakoneta carpenter.

Making Tasks Easy
There are lots of magazines
printed for the purpose of telling
women how to make their work
lighter. But you can't reduce labor
by reading about it. All the philo-
sophy and theory in the world
won't help you out on wash day,
unless you use **Task Soap**
which lives up to its name and
makes washing an easy task by
doing half the work. Get it at
your grocer's.

SIGHT MANY BERGS.
New York, July 18.—Despite the
fact that large holds of ice are re-
ported on the "short course" near
the Titanic sink, the liners
sailing that line and the Oceanic
just arrived, reported passing
five bergs.

TO LEAD FIGHT

WM. F. COMBS
The young political strategist,
who a few months ago was practi-
cally unknown, but who gained na-
tional recognition by the remark-
able generalship he displayed in
handling the Wilson forces at the
Democratic National convention,
turning what seemed to be almost
certain defeat into a glorious vic-
tory of the New Jersey governor. His
efforts have been rewarded by his
election to the chairmanship of the
Democratic National Committee, as
the choice of Governor Wilson, and
following the Democratic presiden-
tial nominee's wishes he will also
have the authority to preside over
the campaign campaign.

HONORS AMERICANS

KING GUSTAV
The Swedish monarch, who per-
sonally presented trophies to each
of the American winners of events
at the International Olympic Ath-
letic Games which were held at
Stockholm. The King shook the
hands of each of the Americans and
congratulated them on their remark-
able performances.

MAKES ATTACK ON SHARP-TONGUE WOMEN.

London, July 18.—By de-
claring in favor of sharp ton-
gued women, magistrate Sim-
mons of the Marblebone police
court became the center of a
storm of controversy today.
The newspapers are filled with
letters from people who do
and do not agree with him.
"Good housewives and good
mothers generally have sharp
tongues," said the magis-
trate. "The meek and mild
type is apt to be imposed on
and their homes are inclined
to be muddled."

POLICE OFFICER

**Who Made a Bone-Headed Play Sus-
pended by Superiors.**

Special to The News.
Newark, O., July 18.—Officer Cal-
lan, who stopped the four-states
tour from throwing confetti upon
the streets here, and in the contro-
versy ordered the autoists out of
town, was suspended from the po-
lice force. The Board of Trade,
last night, sent a telegram of apol-
ogy to the tourists expressing deep
regret over the incident, and ask-
ing the automobileists not to accept
the annoyance as evidence of New-
ark's lack of hospitality. Both
newspapers last night condemned
the officer's action.

NO RACES TODAY.

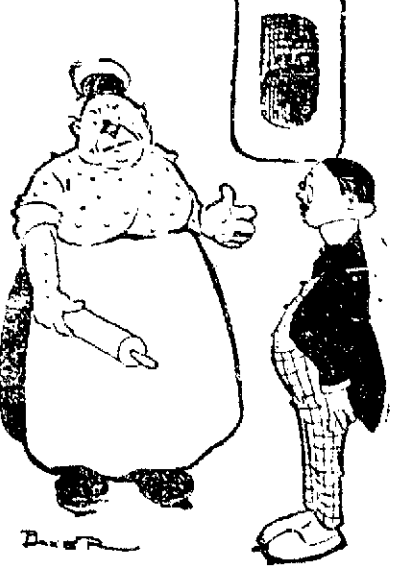

Put-in-Bay, O., July 18.—There
are no yacht races at the Bay to-
day. The committee is measuring
power boats which have been en-
tered in the races. The winners in
the power boat classes won't be
known until all boats are measured.
The way the boats finished is no in-
dication of which is the winner.

MONOPLANE CAPTURED.

Leipzig, July 18.—While making
his final flight for an aviator's li-
cense, Lieut. Prussner, of the Ger-
man army, was killed today. His
monoplane capsized in the air.

MIDDLETOWN MULE POWER IS LIBELLED

**WHEN STATE TAX COMMISSION
FIXES VALUES--WESTERN
OHIO RAISED.**

(By United Press.)
Columbus, O., July 18.—Captain
R. P. Rifenberck, of Cincinnati,
claim agent for the C. H. & D. R.
R., appeared before the state tax
commission today objecting to the
tentative valuation of \$5,000 placed
on the C. H. & D. traction com-
pany, operating between the center
of Middletown and the C. H. & D.
station.

The traction company owns four
mules and 2 cars.

Last year the company was on
duplicate for \$2,500.

"One of our mules died and that
knocked last year's net earnings
sky high," he said.

"Our cars were used soon after
the war in New York. A Findlay
man bought them and used them
until he equipped his line with
electricity, seventeen years ago I
gave him 1,000 mile mileage books
on the C. H. & D. railroad for
them."

The commission said they would
think over the request for a re-
duction in this year's valuation.

Tentative valuations were an-
nounced as follows:

Cincinnati Traction Co., increas-
ed from \$18,123,000 to \$18,516,
000; Ohio Electric, increased from
\$12,241,000 to \$14,493,000; Day-
ton, Covington and Piqua, increas-
ed from \$418,000 to \$628,000;
Dayton and Troy, increased from
\$899,000 to \$922,000; Dayton,
Springfield and Xenia, increased
from \$375,000 to \$470,000; Ohio
Traction, increased from \$700,000
to \$750,000; Oakwood street rail-
way of Dayton, \$500,000; the same
at last year; City Street Railway
of Dayton, increased from \$2,843,
000 to \$2,875,000; People's street
railway of Dayton, increased from
\$1,533,000 to \$1,885,000.

DESPERATE FIGHT ON LAKE STEAMER

(By United Press.)
Buffalo, N. Y., July 18.—After a
chase of six blocks and a fight in
the dark hold of the steamer Mar-
ietta, detective Samaldino arrested
Antonio Marropoda, 28, wanted at
Youngstown, O., charged with stab-
bing a fellow workman there yester-
day.

Marropoda was apprehended
while boarding a train for Toronto,
Ont. He broke away from the of-
ficer and ran towards the water
front. Samaldino followed, empty-
ing his revolver at the fugitive.
Marropoda went aboard the Mar-
ietta and attempted to hide in the
cargo. He was arrested after a
struggle. The detective was badly
used and later went to the hospital
today.

WIND IS FREAKISH.

**Even Insists Upon Disturbing
Records of Indianapolis Court.**

(By United Press.)
Indianapolis, July 18.—A sudden
gust of wind picked up a decree
which was being copied in the coun-
ty building by chief deputy clerk
Richard Coleman, carried it through
an open window, over Tomlinson
Hall and dropped it through the
skylight into the Federal Building,
four blocks distant. Dr. H. H.
George, of the Bureau of Animal
Industry in the Federal Building,
who found the document returned
it today to Coleman.

HOMELESS BOY
Grows Despondent and Tries to
Kill Himself.

Homeless and beyond the care of
fond parents, Lawrence Steiner, 12,
tried to end his life at the Child-
ren's Home, Wednesday. He tied
a towel around his neck and only
the timely arrival of the matron
thwarted the attempt.
Steiner is the son of John Steiner
of west Vine street. He was com-
mitted to the county institution,
Monday by Probation Officer Pha-
len. He is believed to be mentally
deranged.

THIS RULING IS IMPORTANT ONE

(By United Press.)
Columbus, July 18.—The state
public utilities commission today
ruled that it has no jurisdiction to
force public utilities to extend their
tracks, mains or wires to furnish
service to residents of a municipal-
ity who are without it.

The ruling is considered an im-
portant one, as numerous com-
plaints have been made to the com-
mission by residents who demand
the commission to force the com-
panies to extend their lines to care
for new patrons.

The case in point arose in Colum-
bus. The commission holds that
extensions must be governed by
the terms of the franchise granted
the utility by a municipality.

STOP WHITE SLAVERY.

London, July 18.—The House of
Commons committee to which it
was referred today, approved the
bill looking suppressions of the
White Slave traffic and providing
for the flogging of convicted slay-
ers. It will go directly back to
the house, where it is sure of
prompt passage.
